

SUGGESTIONS FOR CORD CUTTERS FROM GUTHRIE CENTER COMMUNICATIONS ON Streaming Devices

Are you planning to “cut the cord” from cable or satellite TV and switch to streaming over your internet connection? Guthrie Center Communications wants to simplify your search for the right streaming device to support your streaming service(s). These device suggestions are based on our personal experiences as well as hundreds of online reviews.

Best Choice for Amazon Users: **Amazon Fire TV**

Pros

- 4K Streaming
- Alexa Voice Control
- Affordable
- Compact
- Support for HDR10
- HDR10+
- Dolby Vision

Cons

- Missing notable movie apps such as VUDU, FandangoNOW and Google Play

Best Choice for Google Users: **Google Chromecast Ultra**

Pros

- 4K HDR support with Dolby Vision
- Works with smart speakers

Cons

- More expensive than other options
- Requires separate mobile device to cast from
- Lack of interface might be frustrating

Best Choice Streaming Stick: **Roku Streaming Stick+**

Pros

- Great features for the price
- 4K HDR video capabilities
- Remote can control your TV power and volume
- Dolby Atmos Audio
- Compact and discreet, like a USB thumb drive
- 802.11ac MIMO dual-band wireless support means you can set it up anywhere within your home's Wi-Fi range
- No ethernet cord required
- User interface is easy to use

Cons

- Remote lacks an audio jack
- No Dolby Vision HDR support
- Limited 4K HDR content

Best Choice for Apple Users: **Apple TV 4K**

Pros

- 4K and HDR Playback with Dolby Vision support
- Lots of streaming apps
- Sleek design

Cons

- Price
- Requires Apple devices to work best
- Remote is small and can be difficult to use

To enjoy the best experience while streaming, you may need more bandwidth. Call us at (641) 332-2000 or visit www.guthriecentercom.com.
